

# The POWERBIZ ADVANTAGE

---

PowerBiz Solutions provides strategic business technology planning and support services. Small and medium sized businesses can utilise our vast experience and expertise in the information technology (IT) sector to enable them to gain a competitive edge in their specific industry.

Powerbiz Solutions is committed to quality service and products. We sell all quality IT products (Intel, AMD, Microsoft, HP, ACER, SONY and many more). We also provide IT services (installation, helpdesk, networking, business planning and much more). Serviced clients have access to on-call technical support and offsite monitoring of IT systems.
